SUMMARY

Aspiring Full Stack Java Developer with hands-on experience in building web applications using Spring Boot, JPA, JDBC, and JSP. Skilled in backend development, database integration, and developing scalable, efficient systems. Currently learning Generative AI and Machine Learning to build intelligent, real-world applications, with a strong focus on clean code and performance optimization.

SKILLS

Languages: Java, JavaScript, Python
Frontend: React.js, HTML, CSS
Backend: Spring Boot, JDBC, JSP, Hibernate, REST APIs, JWT
Databases: MySQL, PostgreSQL
Tools: Git, GitHub, Postman, AWS
AI: Basics of Machine Learning, Spring AI, RAG
Core: Data Structures, DBMS

EXPERIENCE

- Web Development Intern — InternPe** Jul 2024 – Aug 2024
 - Built responsive web applications using HTML, CSS, and JavaScript
 - Improved UI/UX and collaborated on feature development
- Java Full Stack Training — STek IT Education** Jun 2025 – Aug 2025
 - Developed applications using Spring Boot, JDBC, and JSP with database integration
 - Built REST APIs and applied scalable coding practices

PROJECTS

- CareerAI – AI Career Guidance Platform** Sep 2026
GitHub
 - Developed a full-stack AI career guidance platform using React.js, Spring Boot, Java, MySQL, and JWT
 - Implemented JWT-based authentication, career recommendations, AI career analysis, and personalized learning roadmaps
 - Integrated Groq AI and built REST APIs for frontend-backend communication and data management
- Natural Disaster Emergency Control System (ND-ECS)** 2025
GitHub
 - Developed a web-based system to report and manage disaster incidents in real-time
 - Implemented dashboard with status tracking (Pending, Assigned, Resolved)
 - Added features for team assignment, user management, and secure authentication
 - Technologies:** Java, JSP, Servlet, MySQL, Tomcat
- ChatNova – Real-Time Language Exchange & Video Chat Platform** 2025
GitHub | Live
 - Developed a full-stack real-time messaging and video communication platform using React, Node.js, and MongoDB
 - Implemented 1-on-1 and group video calls, real-time chat, and screen sharing using Stream API
 - Built secure authentication with JWT and optimized state management using Zustand and TanStack Query

ACHIEVEMENTS & CERTIFICATIONS

- Java Full Stack Development Certification — STek IT Education** Aug 2025
View Certificate
